MOUNTAIN VIEW

Mountain View, Santa Clara County, is an incorporated town with a population of 2000. It is situated in the northwestern part of the famous Santa Clara Valley on the coast line of the Southern Pacific railroad, 11 miles north of San Jose, 36 miles south of San Francisco, and 6 miles from Palo Alto and the Stanford University. It has over 50 business houses; two banks; a weekly newspaper, the Register-Leader; and the largest publishing house on the coast, the Pacific Press Publishing Association. A municipal water plant supplies Mountain View with the best of water. The excellent schools, numerous churches,, public library, town band giving free open-air concerts in summer, and convenient train service, make it one of the most desirable residence towns on the Peninsula.
